CityWestPlace is an innovative, master-planned Class A office complex that offers not only a superior location but an unusually broad spectrum of amenities including indoor and outdoor recreation facilities, restaurants and services. The four office buildings within the complex range from six stories to 21 stories and in aggregate comprise 1,475,000 rentable square feet. On-site parking is available in four structured parking garages which currently offer over 3,900 spaces. CityWestPlace is located just 12 miles west of downtown, providing convenient access to the region's popular residential areas, Houston's major transportation corridors including the Sam Houston Tollway, Interstate 10 and US Highway 59, and both the George Bush Intercontinental and William P. Hobby airports.
